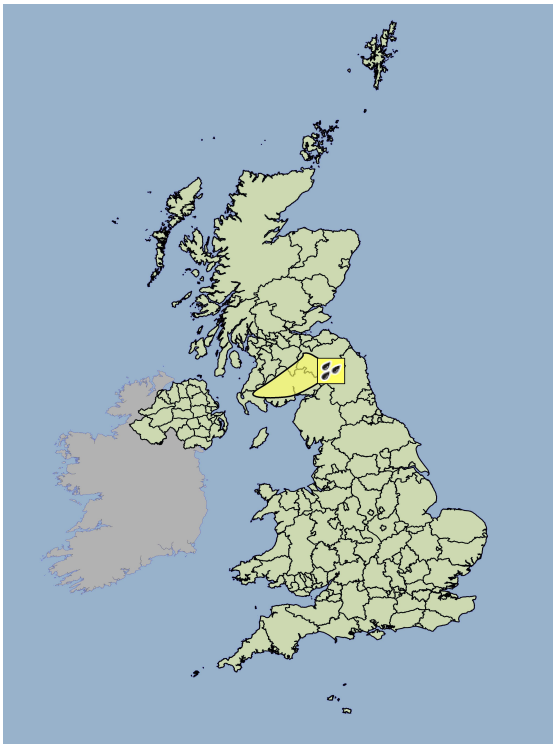
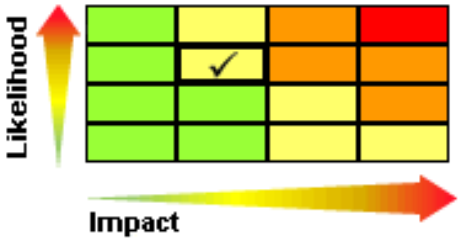
National Severe Weather Warning Service





Chief Forecasters Assessment
A broad frontal system will move east across Scotland on Saturday. 15-25 mm will fall quite widely in the warning area, with perhaps up to 35 mm over the hills. Surface water and spray will affect many roads, and with the ground remaining saturated, there is a risk of localised surface water flooding.

The Met Office have issued a **Yellow Warning** of **Rain**

Valid from **11:00 on Sat, 06th Feb 2016** until **21:00 on Sat, 06th Feb 2016**

Rain will become persistent and quite heavy by Saturday afternoon and last into the evening, before clearing to the east. Please be aware of the risk of some difficult driving conditions due to localised surface water flooding.
